2 item(s) require further confirmation. No high-priority alert was identified in the available data.

0 alert 2 review 2 unavailable

01

Executive summary

A concise view of the most important findings. Missing data is shown as unavailable rather than being treated as clear.

6 CLEAR	2 REVIEW	0 ALERT	2 UNAVAILABLE
------------	-------------	------------	------------------

ROAD STATUS Tax ● Untaxed The vehicle is not currently recorded as taxed. Confirm its current road status with DVLA.	ROADWORTHINESS MOT ● No records No MOT test history was returned. This may be valid for some vehicles, but it should be verified.
ODOMETER Mileage ● Limited history At least two dated mileage readings are needed for a consistency check.	DAMAGE HISTORY Salvage ● No record No salvage auction record was returned by the available check.
MANUFACTURER SAFETY Recall ● No recalls outstanding No outstanding recall was indicated by the returned recall status.	CONDITION DATA Condition ● No record No condition records were returned by the available check.
USAGE HISTORY Taxi / Hire ● No record No taxi or private-hire flag was returned by the available check.	REGISTRATION STATUS Legal markers ● No issue No scrap, destruction or export marker was returned.
CRASH SAFETY Euro NCAP ● 5 / 5 Returned Euro NCAP overall occupant-safety rating.	REPORT COVERAGE Data services ● 3 failed Some provider services failed: Stolencheck, Scrapmarkercheck, Keep-ercheck.

Recommended actions

Tax: The vehicle is not currently recorded as taxed. Confirm its current road status with DVLA.
Data services: Some provider services failed: Stolencheck, Scrapmarkercheck, Keepercheck.

Coverage limitation

MOT, Mileage could not be conclusively checked from the supplied data. Verify these areas independently.

02

AI vehicle insights

A structured, data-driven assessment generated from the checks in this report — score, category breakdown, key findings, and a buying recommendation.

Overall score: 85 / 100 (Excellent)
This vehicle scores 85/100 (Excellent) across title, MOT compliance, ownership, and mileage integrity checks. No MOT history was available for this vehicle.

Category breakdown

CATEGORY	SCORE	STATUS	DETAIL
Title & Legal Status	100 / 100	Clear	No title or legal issues found
MOT & Roadworthiness	55 / 100	Alert	Not currently taxed
Ownership Transparency	100 / 100	Clear	Ownership history looks normal
Mileage Integrity	-	Unavailable	Not enough MOT history to assess mileage trends

Key findings

- Review:** This vehicle is not currently taxed.
- Review:** There is an outstanding manufacturer recall not yet actioned.
- Info:** No MOT test history was returned for this vehicle.
- Info:** Fewer than two dated MOT readings were available, so mileage trends could not be assessed.
- Clear:** 0 registered keeper change(s) — within a normal range.

Excellent — low risk

This vehicle checks out well across every category we assessed, with no significant red flags found.

Questions to ask the seller

- Request a current MOT pass certificate (or arrange one) and confirm any recalls have been actioned by a franchised dealer.
- Request a full service history to verify the mileage is genuine and consistent.

03

Vehicle identity

Match these details against the vehicle, V5C and seller documentation before purchase.

Identity overview

No import, export, scrap or destruction flag was returned in the available vehicle-status fields.
